DO YOU HAVE HIGH CHOLESTEROL or high blood pressure or a family history of cardiovascular disease? If you answer “yes” to any of these, you may want to consider being screened for your risk of stroke through the services of Life Line Screening. Ultrasound technology is used to view the plaque build up in your carotid arteries, the main arteries that carry blood to the brain; they offer other similar tests that check for related vascular disease. Call 1-888-653-6441 or visit www.lifelinescreening.com to pre-register. The screenings will be held at this host facility: Pacific Union Conference, 2868 Townsgate Rd., Westlake Village, CA on Monday, March 14.

COURTESY REQUEST: Please turn off all cell phones etc.
