**PERSONAL MINISTRY:** A group of our deacons would like to reach out and help with needs of church members who are elderly, homebound and others who may be in need - for example, of groceries etc. brought to their door. If you know of someone with a need we may be able to facilitate, *please email the church office with the following information: Name, address, contact number, description of need.*

**HEY KIDS!** Are you in need of a story or two? Have you read everything you have at home twice already? Have you heard all your story tapes and CDs six times already? Mister Boomer Bill has some stories you might like to hear; stories you might like to read to your dollies or stuffed animals or little brothers or sisters or cousins. I've even got Cradle Roll songs to sing with your baby sisters and brothers. So let me know if you would like a story.

Tell me if you want a story to READ or LISTEN to. Tell me if you want a Short Story or a LONG story. I'll send you the story by e-mail (so be sure to tell me your email address) within a day or two. Send your request to: [boomerbillone@gmail.com](mailto:boomerbillone@gmail.com) I'll check my email a couple times a day on my computer. I don't use a "smart phone." Keep Smiling! Jesus Loves YOU!

Best Wishes Always,

*"Boomer" Bill Calkins*

storyteller

P.S. I've got audio books and travel logs for your parents too.

Greetings Church Family,

Over these past few months, the world has drastically changed. Jobs have been lost, finances have changed, schools have switched to online learning, and the church life has been globally impacted by this Coronavirus. This virus has affected many of the enjoyable activities that each of us participate in as we practice social distancing.

This pandemic has also taken a toll on many of our spiritual, mental, and emotional health. Social isolation and occupational stress has triggered depression for some, sometimes even a lack of motivation for others. While on the positive side, this crisis has brought life, awareness, and a desire for service. Without a doubt, this has created a radical difference in how churches will function moving forward.

Today, I wanted to send a letter reaching out to remind you that you are not alone. We are all a part of one family and we care about each other deeply. Even if I can't sit or stand right beside you this moment, I want to encourage you to remain faithful. The strongest being in the universe is right beside you and will never leave you nor forsake you. My favorite verse in the Bible is Romans 8:38,39 - "For I am convinced that neither death nor life, neither angels nor demons, neither the present nor the future, nor any powers, neither height nor depth, nor any else in all creation will be able to separate us from the love of God that is in Christ Jesus our Lord."

I don't know exactly what challenges you may be facing today, but rest assured, your life is in His hands. Those are the best hands to be in.

God Bless.

You are all in my prayers,

*Pastor Jason Whitley*

## Praying for God's Family

*"Therefore I tell you, whatever you ask for in prayer, believe that you have received it, and it will be yours."* Mark 11:24 (NIV)

**PRAYER REQUEST FORMS** are in the church pews and may be placed in the Prayer Box in the foyer. To update your prayer needs, please contact Prayer Ministry leader **Anne Curry** (805-987-1365) or the Pastor.

**PRAISES:** UPDATE From Erek Gerende regarding his brother: *"My stepbrother (Miguel A.) is doing so much better. He was on the ventilator for 22 or 23 days but he's been off for about a week now and he is becoming much more coherent. His kidneys are improving dramatically over the past two days and it looks like he won't have to do regular dialysis. As soon as he tests negative for Covid-19 for 2 days in a row and he can go home and do outpatient therapy once he can walk independently with a walker. Thank God it looks like he's gonna be okay."*

**HEALTH CONCERNS:** For all our brave health care providers who are caring for all kinds of illnesses - may God protect them at this critical time; Carol Taylor (recovery from heart procedure); Gershon Napod's Mom - esophageal cancer, and Gershon's brother Levi; Mirjana Popkow's friend Rouja, 44 yr. old recovering from breast cancer surgery, whose husband is asking for a divorce; Lisa Matthew's mother; Dorothea Amey (cancer has returned and spread to other areas); Mike Godfrey - (stroke recovery); Clinton Hooper (Chad's brother) - surgery recovery; Myrna Hooper (Chad's mother); Evelyn DeLay; Jay Cummings; Larry Miller (serious health issues).

From Sharon Croombs/Schwartz: my son has coronavirus. My niece, 37, received news that her cancer has spread and she has 1-2 years at best. She has 4 children, twins age 12, one 2 1/2 and one 6 months. She has been raised with new age teachings and is really confused, spiritually. Please add her to the prayer list. Pray for God to reach her with His word of love and peace. Her name is Amber.

**BEREAVEMENT:** Niikkos de la Poulignac in the loss of his mother; on April 21, Niikkos wrote, *"Mom died today and now the healing in the family begins. Thank everyone for their prayers."* Grace Kato in the loss of her brother, Peter Yoshida. All who are grieving for loved ones lost due to COVID-19.

**NEXT SABBATH, MAY 2:** Message – To Be Announced; Offering – Church Budget; Sunset – 7:40pm

**NO OFFICIAL CHURCH SERVICES, MINISTRIES OR SOCIALS (EXCEPT ONLINE) UNTIL FURTHER NOTICE**

### Hello Vegan Gourmet Club members (and interested friends),

This note is just to connect with you and remind you that at this time we are not having our regular Vegan Gourmet Club meetings until further notice. At the way the California projections are running we may not be able to meet until June. We might try to come up with something like a live stream in May, so stay tuned. We hope that you are all following the physical distancing and at home isolation according to the guidelines. We do recommend that if you go out in public to wear a mask. Short of reducing your exposure to the coronavirus, there are still things you can do to enhance your immunity.

A whole food plant-based diet enhances your immunity in many ways. In addition, adequate sleep, physical exercise (jumping to conclusions and running up bills don't count) and stress management also enhance or prevent deterioration of your immunity. Hopefully you are taking advantage of stay at home time by doing more home cooking, better meal prep, getting more exercise, finding more time for meditation or prayer and self care. **If you didn't get a chance to hear Dr. Wes Youngberg's presentations at the Camarillo Church on February 21 and 22, we would recommend that you watch these presentations that were videotaped and put on the church website. Go to [www.camarillosda.org](http://www.camarillosda.org) and go to video archives.** Dr. Youngberg's Friday night presentation and then the Saturday afternoon presentation with Q&A are helpful to knowing what you can do to enhance your immunity for any respiratory viral infection.

We miss seeing you all and hope that you are staying healthy. Looking forward to when we can meet again. – **Dave and Flo Lowe**
