***Numbers 21:5-7 (NKJV)**

⁵And the people spoke against God and against Moses: "Why have you brought us up out of Egypt to die in the wilderness? For there is no food and no water, and our soul loathes this worthless bread." ⁶So the Lord sent fiery serpents among the people, and they bit the people; and many of the people of Israel died. ⁷Therefore the people came to Moses, and

said, "We have sinned, for we have spoken against the Lord and against you; pray to the Lord that He take away the serpents from us." So Moses prayed for the people.

I've even got Cradle Roll songs to sing with your baby sisters and brothers. So let me know if you would like a story.

Tell me if you want a story to READ or LISTEN to. Tell me if you want a Short Story or a LONG story. I'll send you the story by e-mail (so be sure to tell me your email address) within a day or two. Send your request to:

He was on the ventilator for 22 or 23 days but he's been off for about a week now and he is becoming much more coherent. His kidneys are improving dramatically over the past two days and it looks like he won't have to do regular dialysis. As soon as he tests negative for Covid-19 for 2 days in a row and he can go home and do outpatient therapy once he can walk independently with a walker. Thank God it looks like he's gonna be okay."*

NO OFFICIAL CHURCH SERVICES, MINISTRIES OR SOCIALS (EXCEPT ONLINE) UNTIL FURTHER NOTICE

Greetings Church Family,

Over these past few months, the world has drastically changed. Jobs have been lost, finances have changed, schools have switched to online learning, and the church life has been globally impacted by this Coronavirus. This virus has affected many of the enjoyable activities that each of us participate in as we practice social distancing.

This pandemic has also taken a toll on many of our spiritual, mental, and emotional health. Social isolation and occupational stress has triggered depression for some, sometimes even a lack of motivation for others. While on the positive side, this crisis has brought life, awareness, and a desire for service. Without a doubt, this has created a radical difference in how churches will function moving forward.

Today, I wanted to send a letter reaching out to remind you that you are not alone. We are all a part of one family and we care about each other deeply. Even if I can't sit or stand right beside you this moment, I want to encourage you to remain faithful. The strongest being in the universe is right beside you and will never leave you nor forsake you. My favorite verse in the Bible is Romans 8:38,39 - "For I am convinced that neither death nor life, neither angels nor demons, neither the present nor

the future, nor any powers, neither height nor depth, nor any else in all creation will be able to separate us from the love of God that is in Christ Jesus our Lord."

I don't know exactly what challenges you may be facing today, but rest assured, your life is in His hands. Those are the best hands to be in. God Bless.

You are all in my prayers,

Pastor Jason Whitley

Hello Vegan Gourmet Club members (and interested friends),

This note is just to connect with you and remind you that at this time we are not having our regular Vegan Gourmet Club meetings until further notice. At the way the California projections are running we may not be able to meet until June. We might try to come up with something like a live stream in May, so stay tuned. We hope that you are all following the physical distancing and at home isolation according to the guidelines. We do recommend that if you go out in public to wear a mask. Short of reducing your exposure to the coronavirus, there are still things you can do to enhance your immunity.

A whole food plant-based diet enhances your immunity in many ways. In addition, adequate sleep, physical exercise (jumping to conclusions and running up bills don't count) and stress management also enhance or prevent deterioration of your immunity. Hopefully you are taking advantage of stay at home time by doing more home cooking, better meal prep, getting more exercise, finding more time for meditation or prayer and self care. **If you didn't get a chance to hear Dr. Wes Youngberg's presentations at the Camarillo Church on February 21 and 22, we would recommend that you watch these presentations that were videotaped and put on the church website. Go to www.camarillosda.org and go to video archives.** Dr. Youngberg's Friday night presentation and then the Saturday afternoon presentation with Q&A are helpful to knowing what you can do to enhance your immunity for any respiratory viral infection.

We miss seeing you all and hope that you are staying healthy. Looking forward to when we can meet again. – **Dave and Flo Lowe**
