¹⁹ Jesus answered and said to them, "Destroy this temple, and in three days I will raise it up." ²⁰ Then the Jews said, "It has taken forty-six years to build this temple, and will You raise it up in three days?" ²¹ But He was speaking of the temple of His body. ²² Therefore, when He had risen from the dead, His disciples remembered that He had said this to them; and they believed the Scripture and the word which Jesus had said.

PRAISES: The power of PRAYER in a time of pandemic and pandemonium.

HEALTH CONCERNS: Naomi Turner; Gershon Napod's Mom - esophageal cancer, and Gershon's brother Levi; Mirjana Popkow's friend Rouja, 44 yr. old recovering from breast cancer surgery, while undergoing a divorce; Lisa Matthew's mother; Dorothea Amey (cancer has returned and spread to other areas); Mike Godfrey - (stroke recovery); Clinton Hooper (Chad's brother) - surgery recovery; Myrna Hooper (Chad's mother); Evelyn DeLay; Jay Cummings; Larry Miller (serious health issues). For all our brave health care providers who are caring for all kinds of illnesses - may God protect them at this critical time;

From Sharon Croombs-Schwartz: "My son has coronavirus. My niece, 37, received news that her cancer has spread and she has 1-2 years at best. She has 4 children, twins age 12, one 2 1/2 and one 6 months. She has been raised with new age teachings and is really confused, spiritually. Please add her to the prayer list. Pray for God to reach her with His word of love and peace. Her name is Amber."

Henry Hernandez has been suffering so very much pain from a pinched disc and calcium deposits on the neck, and faces risky surgery. Surgery was scheduled for May 22, then moved to June 16, then to June 10. Yoli was afraid they might change the date again. Whether or not the date changes, our prayers are needed for Henry's condition and for the guidance of the doctors when they do operate.

Alvin Fisher, a brother-in-law of my (Anne Curry's) sister Barbara, has had something happen to him that has affected both his mind and his behavior. They are all very distressed and praying many times daily, plus asking for you to pray with them for the doctor to determine what the problem is and to be able to help. We appeal to the Great Physician, who already knows what the problem is. Thank you for your prayers.

UPDATES from Anne Curry:

Naomi Turner is in Brookdale, and has been moved to room #160A for now. As of June 10, she has a new cell phone number, and can be called directly at: 602-663-5792. (No more having to call her through the switchboard.) Please pray for Naomi, and please call her when you can (it's easier now!). Thank you. P.S. You may also send cards to:
Brookdale Camarillo, ATTN: Naomi Turner, Rm #160A, 6000 Santa Rosa Rd., Camarillo, CA 93012.

Sharron Croombs-Schwartz' niece Amber has far less time than one would have thought, by the message in March... Not years, not likely months. Weeks? Too short a time, when she needs to know Jesus as her Savior. *Please pray for her to know Him, to trust in Him, even as cancer is taking its toll.*

Dorothea Amey--is undergoing chemo. It has been working--somewhat. 1/2 as much cancer in the liver, lungs about the same. She hasn't the strength to accept calls, but would like to get email messages at eameyd@gmail.com. Cards/notes may be sent to Dorothea and Gene Amey at: 1734 La Cantera Way, Beaumont, CA 92223. And thank you so very much for your continued prayers..

OTHER CONCERNS: Liberty and justice for all!

Greetings Church family,

As many of you have heard, the President and the Governor of California declared that churches have the right to re-open their facilities. The original intent was to open at phase 3 of the pandemic, allowing for a safer recovery to local families that desire a community driven worship experience.

The Southern California Conference announced on Wednesday, May 27, at 3:30 pm, that Local SDA Churches can re-open if they fulfill all the requirements the local county and conference have mandated. Upon viewing the documents and analyzing what is best for Camarillo SDA Church, I decided to bring this issue of re-opening to our local church board to determine the best course of action.

The Camarillo Church board discussed possibilities for 1 hour and 30 minutes. After much discussion, we came to the conclusion that reopening the facilities at this point is not worth the risks. The list of requirements are extensive: deep cleaning the church before use, 6 feet social distancing, tracking where people can sit, bathroom usage, temperature checks, hand sanitizer stations, and required masks for everyone.

That is the physical component. We still need to include the restrictions. Members and visitors who are 65 years or older are highly recommended to not attend church. No praise teams, congregational singing, or choirs are to be performed. No Sabbath Schools for children. Children are to be with parents at all times. No potlucks, no children's stories at the front of the church. No hugging, touching, elbow bumping, etc,. At a certain point, we feel that the restrictions are steep and can destroy the worship experience. Therefore, with the new guidelines, I will be exploring new ways to enhance our worship experiences through livestream. Before we were limited to 5 people in the room by the Conference Standards, 6 people in Ventura County. This opens up possibilities for more participation from the congregation while being less restrictive by an in-person requirement. I will be exploring this with the conference next week to see what our options are and how we can best assist in creating a worship experience for you and meet some of your communal needs.

Thank you for your patience and dedication to Lord during this time.

With Love and God's Blessing,

Pastor Jason Whitley

NAD President Addresses Racial Tensions in the U.S.

My dear fellow Seventh-day Adventists, members of the church throughout North America, and our division,

For the past 10 years it has been my privilege and blessing to serve as your president. It has been an invigorating and challenging road, and one where God has blessed us, and where your faithful commitment to Him has allowed the church in our division to carry out His mission.

This has been especially true in these days of COVID-19 where your faithfulness has

been magnificent. In a few days now I will cease my role as your president, but I want you to know that I am proud of what God has accomplished through you.

The reason that I am coming to you today, however, is different. Like many of you, I am heartbroken as a result of the wanton and hateful violence that led to the death of George Floyd. One cannot describe this in any other way than what it is: a horrible illustration of what happens when men feel that they are superior to others. This thinking allows racism and prejudice to grow. It provides the fuel that powers hatred and murder. This incident, furthermore, is one of a series of actions perpetrated against blacks in America. Together, these experiences leads us all to question the guarantees of freedom and justice enshrined in the constitutions of the nations that make up our division.

To my African American brothers and sisters, I want you to know that I am deeply sorry. I am saddened that you have experienced prejudice and bigotry — even in the church — and that there have been times when you were not allowed eat in the same cafeteria or go to the same washroom as whites. I am deeply sorry that you have experienced these things. As a white man I know little of your suffering, but I suffer with you today as you look out at a future that seems uncertain. It is wrong that you should live with fear because of your color. I am sorry. Together with hundreds of thousands of other white people I want to say to you: “I love you — you are my flesh and blood in Jesus.”

To all of our members I say that if we are truly Christians we who know ourselves to be Seventh-day Adventists will demonstrate God’s love. One of Jesus’ great statements was and is, “By this will all men know that you are my disciples in that you have love one for the other” [John 13:35, sic]. It is the litmus test for Christians. If we disdain and denigrate others on the basis of race, gender, economic status, etc., then we are not Christians. We may have a name but, in this regard, it is only a flimsy robe that we garb ourselves in — in order to maintain our self-satisfied superiority.

It is time for us all to do some soul searching. If David could appeal to God to search him in order to see if there was “any wicked way in him,” it is our time to do the same. In this regard our family needs a radical change. Our church needs transformation: If change is to take place in the church then it needs to take place first in me.

It is not OK to tolerate or propagate racial slurs, to laugh at jokes that target others because of their status, etc. Furthermore, it isn’t appropriate for us to remain silent when others suffer, are victimized and marginalized. The gospel of Jesus Christ is active. It is not passive. Martin Luther King, Jr. once said, “There comes a time when silence is betrayal. ... In the end we will remember not the words of our enemies, but the silence of our friends.”

Many have asked in recent days: “What should we do? How should we act?” Well, it is not mine — nor is it in the capacity of the church to dictate to you what you should or should not do in this time of crisis. However, our guidance should be based upon the life and teachings of Jesus. Whatever will bring dignity, and reform, and blessing to others — whatever will demonstrate true love to a broken and battered world — whatever will bring others to look to God — do these things as you are personally guided by the Holy Spirit.

Finally, my friends, let it be clearly recognized that the work of God on this planet will not be finished — I repeat — will not be finished until we, as a people, connect with God in such a way that we will be instruments in His hands to demonstrate His love.

No program or busy-work will solve the problems of the church as important as they may seem. We must go to our knees and ask God to make us His agents in order to demonstrate His love. Then our programs and objectives will take on a new meaning.

I want to remind us all of the words of one of our founding leaders, Ellen White, who

said, “From the beginning it has been God’s plan that through His church will be made manifest — even to principalities and powers in the heavenly places the final and the full display of the love of God” [*The Acts of the Apostles*, p. 9, sic]. That is our mission. It must infiltrate our words and every aspect of our work. It must be clearly seen in our voted actions and interactions. Then and only then will the church have fulfilled her mission.

God has a dream. His dream is that one day, at a grand table spread out in heaven, seated next to each other and across from each other, will be men and women, young people, boys and girls, from every nation, kindred, tongue, and tribe and people. That they will fellowship together in His presence and that the harmony of those moments will go on through the ceaseless ages of eternity. God wants the table experience to start now in your heart and mine.

May God bless each of us. I pray that His Holy Presence will guide you today, and in each day to come. We are living in the final days of human history. Let us stand tall for the God who called us to be His children — His witnesses, every one of us.

Amen.
